

The latest breaking news of the day

Primary 1 Learning Journey to Singapore Zoo

On 26 July 2024, our Primary 1 students had a delightful and educational learning journey to the Singapore Zoo! The day was filled with fun and discovery.

The focus of our adventure was to discover more about some of Africa's wild animals. The students had the opportunity to learn about giraffes, rhinoceroses, cheetahs, and many more. We were even lucky enough to witness a majestic lion roaring loudly – a truly unforgettable moment for everyone!

Using iPads, the students were engaged in interactive activities at various checkpoints throughout the zoo. This enabled them to learn more about these incredible animals in a fun and engaging way, blending technology with real-world experiences.

The students also watched the Sea Lion Show at the Shaw Foundation Amphitheatre. Through this entertaining and educational performance, they learned about the challenges sea lions face in the wild, particularly the dangers posed by plastic pollution and discarded fishing nets. The show emphasised the importance of protecting marine life and the environment.

Our students were encouraged to practice the 3Rs – **Reduce, Reuse, and Recycle** – to help protect our planet. This experience had deepened their knowledge of wildlife and fostered a greater sense of responsibility toward the environment.

The scoop of the day Racial Harmony Day

As part of our ongoing National Education initiatives, our school commemorated Racial Harmony Day on 22 July 2024. This special day serves as a vital reminder of the importance of embracing our racial diversity and using it as a source of strength and unity.

This year's Racial Harmony Day was marked by an engaging skit centered around the theme of *'Harmony in Diversity'*. The performance highlighted the beauty of our multicultural society and the importance of working together to build a cohesive community. We were delighted to see both students and teachers actively participating in the skit.

During recess, our students had the opportunity to engage in a variety of cultural activities. These included traditional games like pick-up sticks, yo-yo, five stones, and many more. These games provided a fun and interactive way for students to learn about and appreciate the rich cultural heritage of different races in Singapore.

Racial Harmony Day is not just a celebration but an important reminder that racial differences should never divide us. Instead, we should embrace our diversity, recognizing it as a source of strength that enhances our community.

The latest breaking news of the day National Day Celebration

The National Day celebration took place on the 8th of August 2024. The event was a vibrant display of our school's unity, creativity, and patriotic spirit, making the day memorable for the students.

One of the highlights of the day was the much-anticipated National Day Mass Dance, led by our own PE teacher, Mr. Isham. This year, the students and teachers participated in Concord's unique version of the dance to the theme song of "Not Alone," a song that perfectly encapsulates the spirit of togetherness and resilience. It was truly heartwarming to see the whole school dancing together, celebrating our nation's 59th birthday with energy and enthusiasm.

Following the concert, the students participating in a classroom activity where they upcycled plastic bags to make beautiful bunting. This initiative not only added a festive touch to the classrooms but also promoted environmental awareness, demonstrating that even small actions can make a difference. The vibrant colours and creative designs of the bunting showcased the students' creativity and their commitment to sustainability, reminding us that even small actions can achieve a significant impact.

Birthday Celebration

August Birthday Babies

Happy Birthday to Mr Tan and our Primary 1 and Primary 2 students!

Our students were thrilled to have our Principal, Mr Tan joined them on stage to celebrate their birthdays. Everyone came together to sing a birthday song for our August Babies, making the occasion even more special.
